REPLY/AMENDMENT

Commissioner of Patents
 Washington, DC 20231

Sir:

In response to the Office Action dated August 13, 2002, having a shortened three month statutory period for response which expired November 13, 2002, we have attached a petition to extend the reply time. We request that you please accept the following remarks as to the above-identified patent application:

IN THE CLAIMS:

1.(amended) A complex for delivery and application of drugs to cell membranes more specifically at [or a defined] a preselected distance from said [the]membrane within cells comprising:

at least one parachute structure, having a preselected action diameter; and

at least one therapeutic compound, which is selected from the group consisting of a photosensitizer and a chemotherapeutic compound.
